Revised 11-10-13

### Date Enacted

1. Safety of the dogs and handlers is our first and foremost responsibility.
2. No bitches in season are permitted in classes.
3. The maximum number of students in each class shall be determined by the Instructor, who shall inform the Office Manager of the limit. Handlers in agility classes working multiple dogs must either pay for each dog separately, or only work one dog per sequence.

**revised  
1/15/10**
4. Aggressive dogs shall be dealt with in accordance with the "Policy for Aggressive Dogs," Appendix A.

**8/06**
5. No dogs are to be permitted to use the back of the next building for a "potty" area.
6. All handlers are responsible for cleaning up after their dogs and disposing of it properly, as follows: put papers towels used for urine clean-up in a plastic bag and then put the plastic bag inside the covered trash can, and put all stool in a separate bag and throw away outside in the marked can.
7. No person, member or non-member, is ever permitted to leave a dog in the building unattended.
8. Children should be at least 13 years old to work a dog and all children under 16 must have a parent present, at all times, when working a dog. The only exception to this is if the children are attending a specific class geared to children only.
9. Evaluations for all paying classes shall be handed out in the sixth week and handlers should be requested to return them on the seventh (last) week of class.
10. All instructors' and assistants' dogs shall be contained for any classes that the instructor/assistant is teaching/assisting in. Absolutely NO dog is to be tied, left in a chair, or left in a sit or down stay when the instructor/assistant is working.
11. Use of the KCTC handbook is expressly for KCTC instructors/ assistants only. It is not permissible to copy it or lend it out.

12. Any instructor teaching any class other than Basic Obedience or Novice Obedience is required to submit a syllabus for their seven-week course. The syllabus will be kept on file at KCTC in the event the regular instructor is unable to attend and the sub instructor needs to know where the class is in their course.
13. WEATHER OR SNOW CANCELLATION – Each Instructor should take home a copy of the class roster with the names and phone numbers of the students. In the event of bad weather, each Instructor shall decide whether or not to hold his/her class. If class is cancelled, the Instructor shall either (1) call each student in the class, or (2) notify the call-back person and the website editor as soon as possible, but no later than one hour before the class start time. The call-back person shall change the KCTC phone recording to state that a particular class (or classes) is/are cancelled on a given date, and the website editor shall post a cancellation notice to the website. If the call-back person cannot be contacted, the Instructor shall notify the President. During the first night of class, the Instructor shall either (1) inform the class that the Instructor will call them if class is cancelled, or (2) instruct the class to call the KCTC phone number on bad-weather days to find out if class is cancelled. It is also recommended that the Instructor poll the class the first night to determine how close they live to the club, and if they are willing to drive in bad weather, to help the Instructor decide whether or not to cancel class in the event of bad weather. Another factor in the Instructor's decision should be whether their Assistant(s) are willing to drive to KCTC
14. All instructors will be given a list of names and phone numbers of all instructors and assistants, in the event they need to find a substitute for one of their classes. This list will show what discipline and at what level the person is capable of instructing (e.g., Obedience: Basic, Agility: Advanced, Rally: Intermediate, etc.). It is up to each instructor to find a replacement if needed. If it becomes a problem to find anyone, the Training Director is to be called.
15. Instructors shall not leave a student, assistant, or any other person alone at the building, inside or outside, after a class. Instructors shall wait until everyone is in their car, has it started, and are pulling out of the lot before leaving. This is for the safety of everyone, particularly under harsh winter weather conditions when batteries may die.
16. A list of all people coming to the club needs to be left at the club including the date(s) that person will be at the club, reason for their presence/use of the club as well as contact information. A KCC member must also be present.

## **APPENDIX B: KCTC BOARD POLICY ON E-MAIL VOTING**

### **GUIDANCE FOR EMAIL VOTING**

**6/7/08 REVISED**

Any member of the KCTC Board of Directors may submit a request for approval by the Board via email vote on items of an urgent nature. The use of e-mail voting will be for **emergencies only**.

All other non-emergency items should be held for the next Board meeting.

### **FORMAT FOR E-MAIL VOTING**

The person making the recommendation should use the words "EMERGENCY REQUEST FOR BOARD APPROVAL" in the Subject of the e-mail. That person should also specifically say in the e-mail what the item or recommendation is and include or attach any supporting documentation. Suggested wording is "I am requesting an emergency e-mail vote for Board approval for . . ."

### **RESPONSES FOR E-MAIL VOTING**

All Board members shall "Reply All" to the request for an approval vote within five days of the date of the e-mail request. The response should say "Yes" or "No" (not "Sounds good to me" or words to that effect). If a Board member considers that the request warrants a discussion at the next Board meeting rather than an immediate decision, the response should say "No, defer until the next Board meeting" and the reason why. The voting process shall be exactly the same as for regular Board meetings, in accordance with the club Bylaws: (1) a quorum for a valid vote is a majority of the Board members (a quorum is 6 as of this writing, based upon 11 Board members), and (2) votes are determined by a simple majority of those voting.

### **DOCUMENTATION FOR E-MAIL VOTING**

The person making the request shall keep track of the responses, and shall advise the Recording Secretary of the vote. The Recording Secretary shall document the vote in the next Board meeting minutes.

## **APPENDIX E: INSTRUCTOR EXPECTATIONS, APPOINTMENTS, AND PERFORMANCE EVALUATIONS**

**December 15, 2008**

**INSTRUCTOR EXPECTATIONS:** Instructors and assistants are encouraged to do the following things to enhance the quality of their classes:

- Follow the syllabus (for classes with a syllabus)
- Be in charge at all times
- Keep the class moving
- Keep the handlers interested
- Give them something to strive for
- Demonstrate each command being taught
- Show interest and care for each handler
- Learn the dogs' and handlers' names as quickly as possible
- Be creative – add your humor and personality to your class
- Give equal attention to the entire class (yes, this can be hard at times!)
- Evaluate the dogs in the first two weeks, looking for aggressive or problem dogs
- Think safety – be alert to tripping hazards and ask handlers to give other dogs their needed space
- Hand out evaluation forms at the end of the session, and give the filled-out forms to the Training Director (for Basic Obedience, do this half-way through the session also)
- Conform to the agility equipment policy of APPENDIX D
- Most importantly – HAVE FUN!

**THINGS INSTRUCTORS AND ASSISTANTS SHOULD NOT DO:**

- Sit for a lengthy time while instructing
- Let students stand around talking or stand around on one item for a long time (assistants can work one-on-one while you keep it moving)
- Talk about yourself or your dog too much (they are here to learn, not to hear you brag)
- Avoid tough dogs or difficult handlers
- Leave your dog not confined or crated when not actively performing demonstrations

### **INSTRUCTOR APPOINTMENTS**

2. Based on those observations and on the class evaluation forms filled out by the students, the TD shall provide any appropriate feedback and suggestions to the instructors and assistants. The TD should also share any “best practices” he or she observes with other instructors and assistants.
3. In the event that the TD considers the instructor’s performance is unsatisfactory, the TD shall provide the instructor with a written performance evaluation, citing the positives and the negatives, and list the specific things that require improvement.
4. After receipt of the written report, the instructor must agree to correct the deficiencies and be re-evaluated by the TD at a mutually agreed-upon upcoming class.
5. If the deficiencies are not corrected, the TD shall inform the instructor that he or she may not teach any classes after the current session.
