TRAINING DIRECTOR'S REPORT

Good feedback on the new class, AKC Beginner/Novice-CD Prep

Assistant Training Director – a position of Assistant Training Director/Trial Coordinator has been added. It doesn't have to be a board position. The main responsibility will be to track trials and follow a timeline starting 6 weeks before the trial. Dan Goldberg has a timeline that can be generic and used for all of the different trials. There are trials throughout the year. There are 4 trial venues and the paperwork needs to be turned in promptly along with the money to the Treasurer to be sent to the parent organization. This position is not replacing the Trial Secretary and you don't need to be an expert in the trial, what is needed is good organizational skills. Please advise if you are interested or know of someone who would be interested in this position.

NOMINATING COMMITTEE

Bill Tullock is the chair.

Every two years positions are up for re-election or nominating committee. In May the following positions will be up Vice-President, Corresponding secretary/Membership Chair, Training Director, and elected Director-at-Large. Descriptions of the duties can be found in Article VIII Section 3 of the KCTC By-Laws. Any member interested in one of these positions or who would like to recommend a potential candidate, please contact Bill Tullock by February 15.

PRESIDENT'S REPORT

Flooring in the Hallway – The Board voted to reuse the old front room flooring material in the rear hallway. Installation was done by Don Greer Flooring. The rollout rugs are useful and will be back after they are cleaned.

Flooring in the Lobby – This flooring was cleaned at the same time, stripped and waxed and replacement tile were found while moving things around.

Proposal to change Policy and Procedures Item 33, Discontinuation of Bonus Boones – A Board of Directors meeting was held and it was agreed to end the program on July 1st. Bonus Bones will be accepted until the end of the year, 2024. We certainly value volunteers and we are looking for other ways to show appreciation for their efforts. One suggestion is a raffle, and we are open to other suggestions. The factors that led to this decision are that many volunteers are instructors and the bones were not being used. They were time consuming to track and 30 hours is a lot for a bone.

MAINTENANCE

Classes were cancelled on Friday, January 19, due to weather. Snow shoveling should be done by 9:00 AM and it was reported to have been done on Saturday, January 20 by 9:00 AM.

There is De-ice compound at the doorways for use, if you notice ice; feel free to use it. We will be getting new shovels.

Floor cleaning – we are waiting to hear from Dandy Manufacturing on what is best to preserve the flooring, we are not worried about the hallway.

NEW BUSINESS

There is still flooring material left. We are considering using the flooring for the office, kitchen, crating spaces.

The rooms will be measured and will get a quote from the installer. If it is too expensive, we can do it ourselves, as long as there is not much cutting. Will waiting for the estimate to proceed.

UPCOMING TRIALS/EVENTS

The new calendar is on-line

Calendar – there was a request to add an additional trial. We would have difficult to squeeze in any other trials. We currently have five sessions each are 7 weeks and 28 days of trials. Some time is needed for building maintenance/improvements, make-up of cancelled classes, like the snow on Friday. Trials also require set-up and tear down time.

However, virtual trials can be done, particularly on the last day of class. The onus will be on the student to send the video and payment to get recognition.

PRESIDENT'S THANK YOUS

Thank you to Bob Powischill for work on the cabinet that was damaged.

AROUND THE ROOM

The club received a thank you from Sara Innamorato, Allegheny County Executive for giving Toys for Kids.

A thank you to Club President, Dan Mullaney, for the work to find a flooring manufacture and then and local installers who could accommodate the installation during the class break so that there was no class interruption and a product that isn't causing dogs to slip or slide.

ADJOURNMENT 7:36.

Respectfully Submitted

Michelle Rengers, Recording Secretary
